# OUR BUSINESS PROFILE

The logo for 'ibc' is displayed in a lowercase, orange, sans-serif font. Above the 'i' is a small, solid magenta square. The letters are closely spaced and have a clean, modern appearance.

- We Started business in the year 2000 1st April started business with V-Belts
- Today we have become a solution provider for all types of belts drives
- We specialize in **V-Belts, Timing Belts, PU, PVC, Rubber Conveyor Belts, V Pulleys, Timing Pulleys, Caterpillar Belts, Poly V-Belts, Oven Belts, Scanner Belts, Laundry and Treadmill Belts** and **All other power transmission belts**
- Today we are Catering and Supporting OEMS IN **Automotive, Tyre, Glass, Food Processing, Printing and Packaging , Health & Fitness ,Bakery ,Laundry ,Fusing m/c and Corrugated boxes , Wire, Hoses and Cable industry.**
- We have **PVC** and **PU Conveyor Belt Customisation** factory set up for **all light duty conveyors** in **Derco** make and **Flexco belt fasteners** from USA (make) at Royapuram, Chennai-13

# APPLICATION AND USE OF FLEXCO FASTENERS

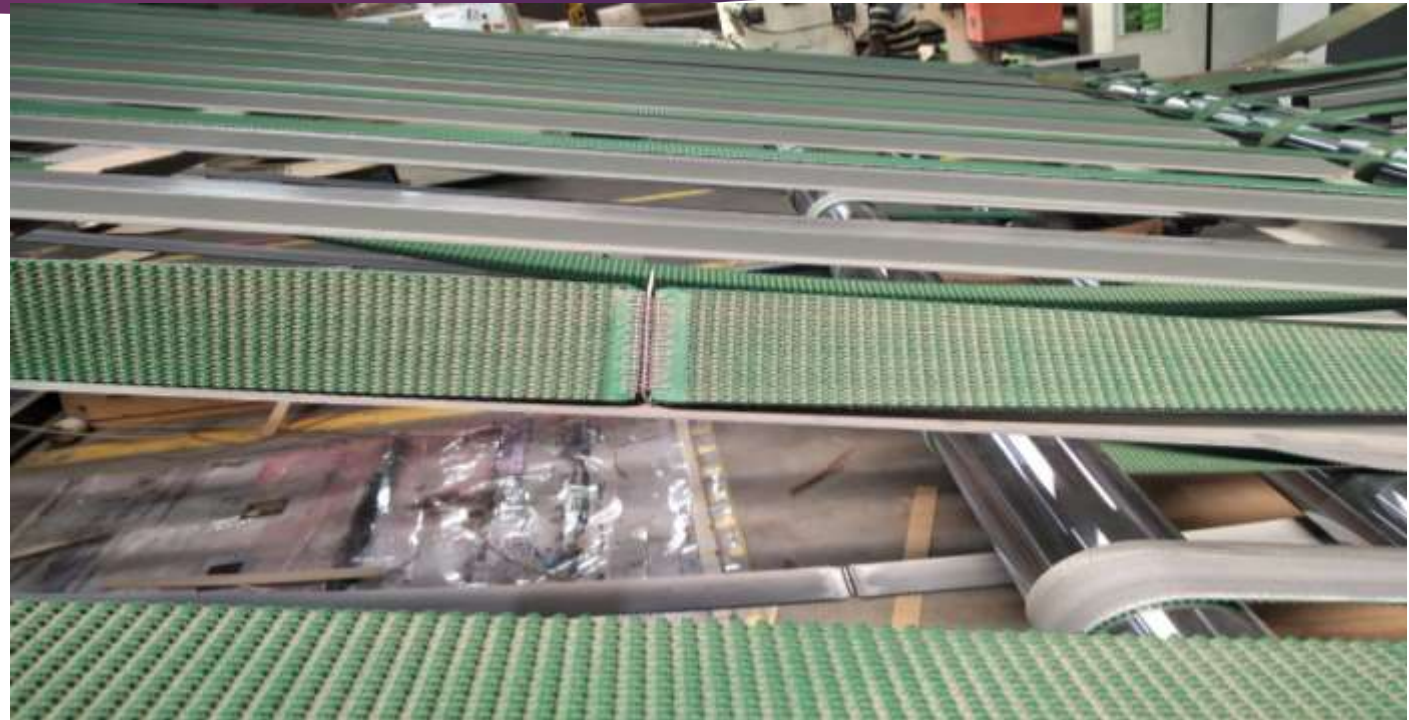

- **Corrugated boxes industry.**
- **Tyre Industry**
- **Scrap transfer conveyor in automobile and glass industry**
- **Luggage transfer conveyor at airports**
- **Food processing and finished Dairy products industry**
- **Component transfer in automobile industry**

# Why we prefer Fasteners Over Vulcanising

- Flexco fasteners are easy to install and easy to remove and replace
- Time saving and cost saving
- Flexco installation tools make fastener installation very easy n effective
- No special qualification is required to Use the tools Except good training
- Fastener joint is any day better than cold or hot joint and gives longer joint life
- Saves you money on the belt as no overlap is required
- Fasteners selection chart makes it easy to select fasteners based on minimum pulley diameter, Belt thickness and tensile strength.

# APPLICATION – 1 (PACKAGING INDUSTRY)

CONVERSION FROM FINGER JOINTED BELTS TO FASTENER JOINTED BELTS HAS IMPROVED BELT LIFE DRASTICALLY.

## APPLICATION - 2 (FOOD PROCESSING)

SUCCESSFULLY INSTALLED FLEXCO FOOD GRADE PRE-CLEANER FOR HASSLE FREE CLEANING AND MAN POWER SAVING.

THANK YOU

A corkboard with a textured, light brown surface. The words "THANK YOU" are spelled out using colorful paper letters. Each letter is pinned to the corkboard with a pushpin of a different color. The letters are: 'T' (pink), 'h' (black), 'A' (white), 'N' (white), 'k' (red), 'y' (teal), 'O' (white), and 'u' (white). The background is a corkboard with a textured, light brown surface.
